A high quality conference to energise all leadership in health visiting

About the conference - This is the first Institute of Health Visiting national leadership conference and will present the latest evidence required to lead effectively in the current public health environment.

The conference brings together national key note speakers who will provide essential insight into leadership practice and also provide fresh thinking. Also examples of latest innovative practice from across the country.

This event creates/provides opportunity to network, debate and share experiences to improve outcomes for children and families.
