

Child and Family Healthy Lifestyle Services Parent Survey

Background

We would like to understand your views and experiences of healthy weight or healthy lifestyle services for children and families in your local area.

As part of a one-year programme, some local councils have been awarded new funding to increase their provision of healthy weight or healthy lifestyle services for children and families. For example, support to eat healthier and be more physically active which might include a referral to a local programme or group. Areas were selected following a competitive application process.

Learning from this survey will help improve services to ensure that all children have an opportunity to be healthy, no matter where they live.

Survey instructions

The survey should take between 10-15 minutes to complete. Please submit your answers by **Friday 30th July**. Answers sent after this date may not be analysed.

PLEASE NOTE: Your answers will be submitted to Public Health England as part of an ongoing funding evaluation and analysed to make the case for more funding for in future years.

We **do not require any personal information from you**: please ensure any free-text answers are kept anonymous. For example, please **do not** tell us your name, date of birth, postcode, or those of your children.
