## IF IN DOUBT, CHECK JT OUT

## DID YOU KNOW THAT WITH EVERY MOVEMENT YOUR BABY MAKES, YOUR BABY IS LEARNING AND DEVELOPING?

3 to 6 mths learning to roll and reach

6 to 9 mths independent sitting

12 to 18 mths cruising and walking

9 to 12 mths crawling and pulling to standing

18 mths to 2 yrs confident walker

2 to 3 yrs confident walker and starting to run

IF YOU HAVE ANY CONCERNS ABOUT YOUR CHILD, PLEASE TELL YOUR DOCTOR OR HEALTH VISITOR:

- Feeling floppy, stiff or a combination of both
- Not kicking legs or moving arms and legs up when lying down
- Not bringing hands together
- Not using one side of their body as much as the other
- Distressed by or not reacting to movement, touch, sound or smell
- Not making eye contact or following movements with their head and eyes
- Difficulty feeding or swallowing

## Your child, their future
